## Donaldson Delivers!

Donaldson Company, a leader in filtration for nearly 100 years, has proven performance in thousands of applications – offering the industry's largest selection of replacement air and liquid filters for both on- and off-road vehicles and equipment.

Distributed by:

**WE RAISED THE STANDARD  
IN FILTER PERFORMANCE.**

# **SAY HELLO TO DONALDSON BLUE.**

You'll recognize the ultimate in heavy-duty engine filtration solutions. They're Donaldson Blue™. With industry-leading technologies like Synteq XP™ media for fuel and Ultra-Web® media for air filters, you can trust Donaldson Blue to clean in the harshest environments. *Blue Proof* your equipment with proven performance that pays off.

**Donaldson**  
**BLUE™**

This application guide will help you find the specific Donaldson filters that apply to your engines and equipment.

If you're interested in high-performance Donaldson Blue™ options, you can find part numbers for these filters in the Filter Performance Alternatives section.

Please note that the information in this catalog represents global application information – specific items may not be available in all areas. Check with your Donaldson distributor for availability.

# Filters for Every Part of Every Vehicle

Donaldson air, lube, fuel, coolant and hydraulic filters reduce downtime, lower maintenance expenses and keep your operation from missing a beat. In all conditions, you need the best protection. **Donaldson Delivers.**

## Hydraulic Filtration

To protect expensive hydraulic components, Donaldson offers a complete line of spin-on, cartridge-style and in-tank hydraulic filters – including high, medium and low pressure options – for virtually any application.

Donaldson Duramax® filters – the highest rated medium pressure filters available – are the industry standard for operating pressures up to 1000 psi.

## DURAMAX®

## Lube Filtration

Donaldson lube filters capture wear metals, soot and other contaminants in your engine oil that can cause damage.

Donaldson Blue™ extended service lube filters with Synteq™ media operate longer between service intervals.

## Fuel Filtration

Prevent premature injector and pump wear by ensuring that only clean fuel is delivered to your engine with Donaldson fuel filters.

The Twist & Drain™ valve available on many Donaldson fuel filter water separators makes draining water from your filter easy – and less messy.

Donaldson Blue™ filters with Synteq XP™ media offer superior contaminant removal and better particulate retention under dynamic operating conditions.

## Air Filtration

Donaldson air filters are outfitted with filter media specially designed to trap dirt, dust and soot before they cause harm to your engines. Our full line of air intake systems, replacement parts and accessories are available in a variety of styles, sizes and materials to meet the requirements of any application.

Donaldson PowerCore® Filtration Technology delivers better engine protection with no media movement, expansion, contraction or bunching. The straight-through fluted design is simply more efficient, while contamination encapsulation makes servicing easier. With millions sold and more than a decade in service, you can rest assured that your heavy duty on- and off-road equipment is protected with PowerCore.

Donaldson Blue™ filters with our proven Ultra-Web® nanofiber media, provide better initial and overall efficiency compared to conventional cellulose media filters.

**Donaldson**  
**BLUE™**

**Donaldson**  
**BLUE™**

## Coolant Filtration

Donaldson coolant filters remove contaminants and maintain cooling system balance – helping keep today's hot-running engines cool and reducing downtime.

Donaldson Blue™ coolant filters with Synteq™ media extend filter life while maintaining coolant condition. Filters with Additive Replenishment Technology replenishes traditional coolant by using a controlled chemical release process, allowing extended service intervals up to once a year or 150,000 miles. Non-chemical filters will last the life of your coolant.

## Mufflers & Exhaust Accessories

For more than 60 years, Donaldson has been a leading exhaust and muffler maintenance supplier, offering complete exhaust systems, components and accessories.

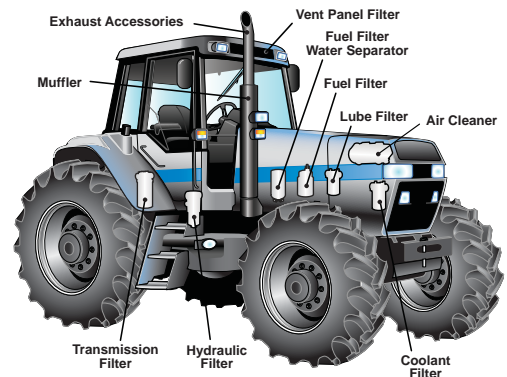

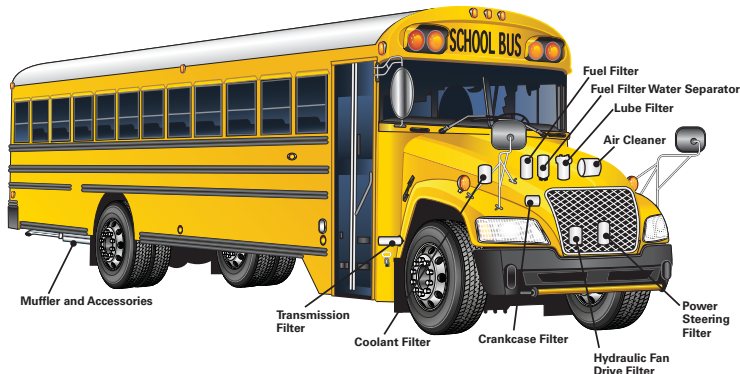

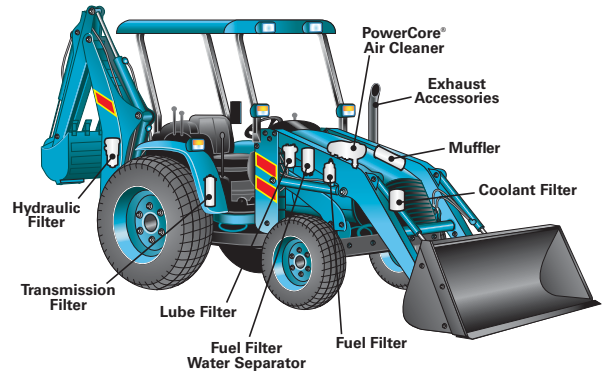

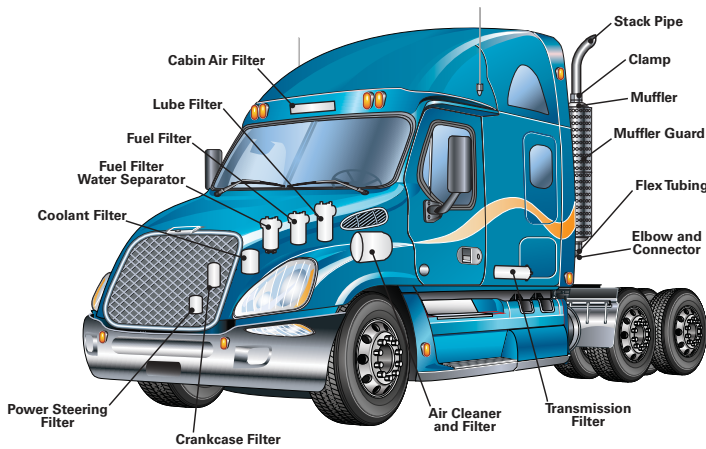

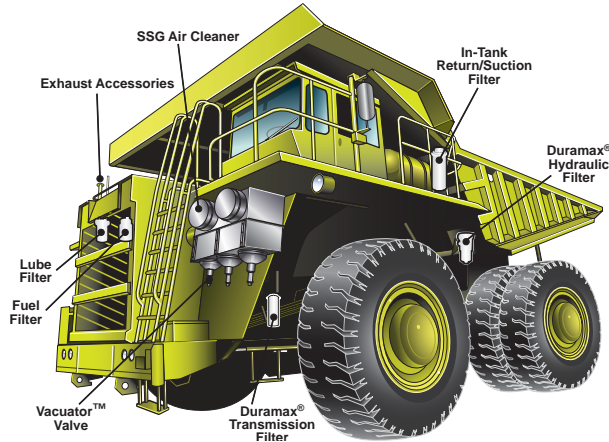

## Filtration Accessories

The full line of Donaldson filtration accessories will reduce your filtration and maintenance costs and eliminate over-servicing. Check out our complete line of filter service indicators and air intake, engine liquid and hydraulic accessories.

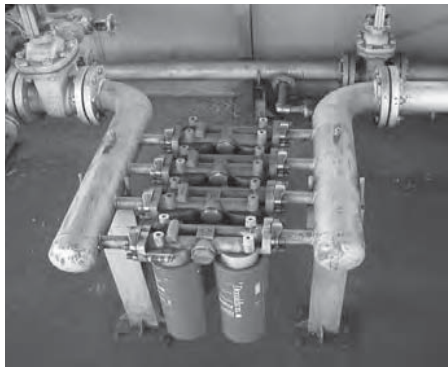

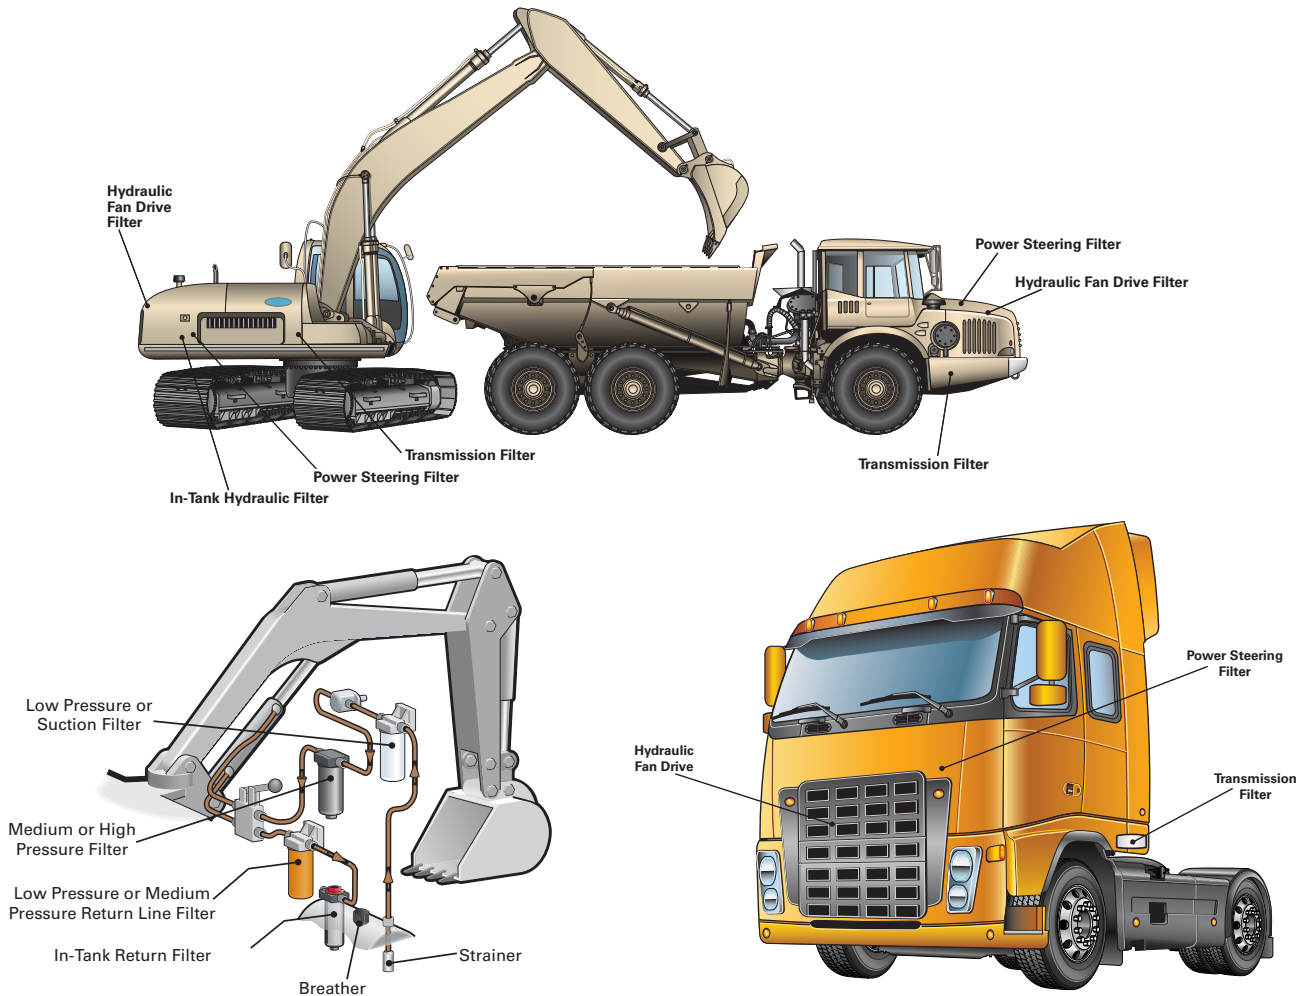

# Filters for Virtually Every Part of Every Vehicle

# Hydraulic and Transmission Filtration

Donaldson offers a complete line of hydraulic and transmission filtration solutions that help keep your equipment operating at peak performance.

Single-pass Bulk Fuel Filtration System

## Bulk Fuel and Lube Filtration

Donaldson offers a range of custom filtration products and services specifically targeted to resolve fuel and bulk oil filtration problems, including:

- On-site surveys
- Facility upgrade options
- Condition monitoring
- Contamination control training/audit
- Installation support, commissioning and fluid management systems
- Support from a local Donaldson distributor for replacement filters and spare parts

# On-line Application Search Always the Most Up-to-Date Resource

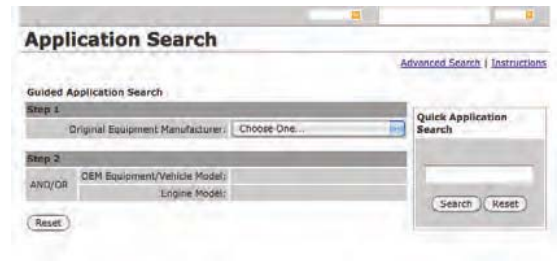

Our application search, available on the US Cross Reference Page, offers a list of available parts for engines and equipment.

[appsearch.donaldson.com](http://appsearch.donaldson.com)  
[applicationsearch.donaldson.com](http://applicationsearch.donaldson.com)

## Two Simple Steps

First, choose the OE Manufacturer for your engine or equipment. Then, select either the equipment/vehicle model or the engine model. Search results will list all the parts (with links) for that application, including any corresponding OE part numbers.

# Cross Reference Resources

North & South America and  
South Africa

# Toolbox – Off-Line Product Search

- Toolbox allows product search by part number, application or dimensions
- Locate parts in your region or all regions
- Cross-reference competitive part numbers
- Fleet Surveys for creating vehicle-specific parts lists
- Convenient installation updates via the internet
- Toolbox Minimum System Requirements
  - Software: Windows XP or later; Adobe Reader 5.0 or later
  - Browser: Microsoft Internet Explorer 7.0 or later
  - Hardware: 180 MB available hard disk space (required for installation and updates)
- Request Toolbox at [www.donaldson.com/tbox](http://www.donaldson.com/tbox)

# Updated [www.donaldsonfilters.com](http://www.donaldsonfilters.com)

We've made it easier to FIND YOUR FILTER!...Oh, and exhaust, accessories, air cleaners, hydraulic components and...much, much more.

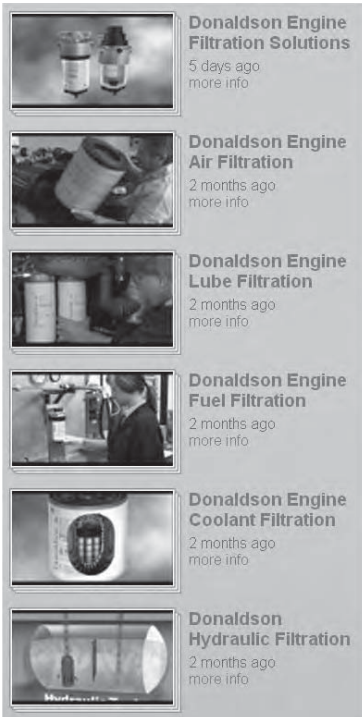

- Every page includes direct links to our most up-to-date, online **Cross Reference**, **Application Search** and distributor locator (**Where to Buy**). Each of these important tools are ONE CLICK AWAY no matter where you go in the site!
- Includes links to YouTube Service Training videos throughout.
- See how Donaldson filters apply across a wide range of industries and equipment.
- PLUS, the new website works on your smart phone.

## Filtration Service Videos on YouTube!

Find us at [youtube.com/user/donaldsonengine](https://youtube.com/user/donaldsonengine).

We've started with more than 30 Donaldson Academy filter service videos, which are a great resource for understanding filtration selection and maintenance. They cover air, lube, fuel, coolant and hydraulic filtration – with detailed descriptions of service steps and best practices. They also include examples from a wide range of industries and applications.

### Be Sure to Subscribe

Select the "Subscribe" button at the top of the Donaldson Engine YouTube page. This allows you to receive email notifications when we upload new videos.

These videos are easily accessible from smart phones – making them a great tool for mobile training!

**P556064\***

Look up the part number (i.e., P556064) in this section (in the first column) and additional filters with performance differences will be listed in the second and/or third columns.

## Filter Alternatives Descriptions

Donaldson Blue™ (formerly Donaldson Endurance™)	For extending filter service change intervals or for higher efficiency compared to a cellulose media filter. Coolant filters with Additive Replenishment Technology (ART).
DT High Performance	Extended life hydraulic filter with Synteq™ media technology
DX2 High Performance	Two-in-one hydraulic filter design with increased dirt-holding capacity
Long Life	Long-life filters are ideal when you want to service your air filter by restriction measurement
Standard	Meets typical original equipment performance requirements.
Synteq™	Synthetic filter media, found in Donaldson lube, fuel and hydraulic filters. Provides a higher level of filtration efficiency than filters with cellulose media.
Treated	Designed for on-highway vehicles operating in high carbon environments

The truck and bus section is sorted by vehicle manufacturer and type, vehicle model and then by engine model. The OE part number, if available, follows the product description. When more than one filter is required for an engine model, the number of filters is listed as well.
